Yeah!

I'm gonna write you a memo if you don't have a happy birthday (Yeah)

I'll use a big red pen and punctuate it with a frowny face (Why not?)

And if for even one second I can see that you're not smiling

(Come on, smile!) I'm gonna march over there and post it on your cake

(Oh, here it comes)

Have a happy birthday, or else! [x2]

Have a happy birthday, don't make me mad (don't make me mad!)

Have a happy birthday, or else! [x2] (Happy Birthday!)

You better be happy or I'll make you real real sad.

(And not just sad - HR sad. yeah)

- "Now listen up buddy. You gotta have a happy birthday or I can't

Be responsible for my actions. I don't know what's gonna happen. But

I know one thing for sure. You're gonna have a happy birthday.

OR ELSE! Yeah."

Happy Birthday to you.
