Yeah! [x4]

If you wanna eat healthy, here's a place you can go

No need to be rich, 'cause the prices are low

Granola, and unsalted nuts

A cool-on powder gonna fix your butt

Homeopathic herbs and tapioca

A section of books where you can read about yoga

Carrots and broccoli and a murder-free turkey that's  
made out of soy

All kinds of juices, veggies and fruits-es, rice-cakes,  
hummus and

Baba ghanoush-es

Baba ghanoush-es [x3]

Yeah! Health food store.

At the health food store. [x3]

Yeah! [x4]
