At the Bridge of Life
I see the man I was before inside the pieces of my
mirror
I feel the need for something more than just being
alive

Under the sun I stand alone
At the bridge of life
I wonder how far I can go
I can't sleep, I can't fell, I don't know

I'm just a shadow of the past, with all the good times
behind me
Being a pale and wornout man, it's a struggle to the
end

Under the sun I stand alone
At the bridge of life
I wonder how far I can go
I can't sleep, I can't fell, I don't know

Across the bridge I'll find the truth, and I have waited a
long, long time
There is no reason in living anymore, I hear the
pounding of the bells

Under the sun I stand alone
At the bridge of life
I wonder how far I can go
I can't sleep, I can't fell, I don't know
