Searching for Euphoria

See these prehistoric eyes watching over you
What are you trying to achieve with your life
Holy men may walk the path of their redeemer
Their insanity will lead you to your death

All your life, telling all these lies
Making all the fools believe in you
A time will come when all of you are gone
Praying to the one you fear

Nothing good will come out of this, but why should you
care
You're trusting no one else and no one's trusting you

Who will miss you when you're gone, you are all alone
Heaven won't listen to your prayers anymore

All your life, telling all these lies
Making all the fools believe in you
A time will come when all of you are gone
Praying to the one you fear

All your life, telling all these lies
Making all the fools believe in you
A time will come when all of you are gone
Praying to the one you fear
