My heart  
And mind  
Are searching alone  
And I  
Will find  
You standing there, your arms a flare  
Time after time  
Search on my own, live by my pleasures  
Now that I find, I'm in a bind, the ropes are getting  
tighter  
And how did I  
Make it out this far? How did I live  
Threw all I've been through?  
Why am I here? Is there hope for another worthless  
wreck for you to hold up  
And even mend?  
I'm not deserving, I am not worthy  
Ya, you open your arms and you pour out your love and  
you lift me out of  
This hole  
Open arms like wings  
This is what you have given to me  
Open arms and wings  
This is what you have given to me  
(And I will thank you)x4  
Open your heart and see your prize  
Your life will be forgiving  
All you have to do is ask him  
And you will forgive  
(Your life)x8  
Give me hope
