Man kills his brother  
Stained sands of crimson flow  
Dying for their faith  
A dim and sightless clan  
They cannot see beyond the veil  
Of a senseless man

All for one and one for all  
The nature of their leaders' call  
Twisting lies to make them real  
Fighting for their ideals

No more lies  
The world is blind to their vengeful eyes  
Well disguised  
It's hard to find the truth in trying times  
The more we try to find the answers buried inside  
They beguile the truth with Esoteric Lies

People not of a single mind  
Countries broken, divided is what you'll find  
You kill in the name of your father

All for one and one for all  
The nature of their leaders' call  
Twisting lies to make them real  
Fighting for their ideals

No more lies  
The world is blind to their vengeful eyes  
Well disguised  
It's hard to find the truth in trying times  
The more we try to find the answers buried inside  
They beguile the truth with Esoteric Lies

Another hope another fear  
Connecting throughout the years

All for one and one for all  
The nature of their leaders' call  
Twisting lies to make them real  
Fighting for their ideals

No more lies  
The world is blind to their vengeful eyes  
Well disguised  
It's hard to find the truth in trying times  
The more we try to find the answers buried inside  
They beguile the truth with Esoteric lies
