In the Integra and Civic
switching four lanes
with the pedal down peeling out
racing ain't a thing
looking hard in the Type R
flash the benz with the with the windows black, emblem
jack
racing aint a thing

jigga I don't like if the rims bling bling
and the hell with the chrome
cause the racing ain't a thing
down hard for my chinks that's locked in the game
when i shift gears no fear
racing ain't a thing

ya'all wanna fuck with us
cause all across the lanes we burn it up
drop a couple inches baby low enough?
smokin' while we bumpin' turn it up
see racing ain't a thing

I soup up my car with the RS Akimoto
asian style love, fuck the hoez
burn all my gasoline just for show
my game is tight my ride is fly
tryin to stay alive
11 thou. for the custom
rich ain't I?
reach the sky paint will strain your eyes
brand new Greddy son
aim for the sky
fear the bottle in the back
yeah it's NOS
white boys wanna fuck with us?
your moneys too young
stop it tryin' to copy us
make me wanna throw up
9-6-9-7-2 Dial us up
damn near on my rear wheels when
I roll up body kit and clear lights

it's all basic
I've been spending thousands since I had shoe laces
rob your wheels double down got integras
me and Joe we got it locked crazy

In the Integra and Civic switchin' four lanes
with the pedal down feel it now racing aint a thing
working hard in the Type R flash the bangs
with the windows black emblem jack
racing ain't a thing

jigga I don't like it if the rims bling bling
and the hell with the chrome cause the racing
aint a thing, down hard for my chinks that's locked in
the game
when I shift gears no fear racing ain't a thing

ya'all wanna fuck with us
cause all across the lanes we burn it up
drop a couple inches baby low enough?
smokin' while we bumpin' turn it up
see racing ain't a thing

Hey Lee I live the life eatin rice
watching ladies suck my dick all night
I wear the big loops the big jeans
OG hanging out with all the big teams
big buzz with the big car loud ass intake
girls they say I'm the shit man
type of Asian that you need in the crew
watching girls that'll do shit you want do can't do
burn with my turbo
too fast to race too fast for your ho'
in the black window when you race I know I say no more
I'm the true fly player got to pimp and stay fly with the
tightest
car you can never know why, cause I write the songs
that the
asians sing Got Rice Bitch? hell yeah it's me

In the Intergra's and Civic's switching four lane
with the pedal down feel it now racing aint a
thing.....
