INTRO:

Magazines and afternoon dreams get me through the
day
And 'till the night can smile for the people as I sing and
I play
I left home it seems like a century ago
I never thought I could miss anybody so, but now I know

CHORUS:Everywhere I go, everything I do
Every song is you
Searched my mind just to find
Something I always knew
Everywhere I go, everything I do
Every song is you
Searched my mind just to find
Something I always knew
Every song is you

Singing man with a six-piece song band, answer to my
dreams
And everytime I sing without you, how lonely it seems
I love you now like I never loved you before
Each day that goes by, I find that I want you so, I need
you more

CHORUS:Everywhere I go, everything I do
Every song is you
Searched my mind just to find
Something I always knew
Everywhere I go, everything I do
Every song is you
Searched my mind just to find
Something I always knew
Every song is you

CHORUS:Everywhere I go, everything I do
Every song is you
Searched my mind just to find
Something I always knew
Everywhere I go, everything I do

Every song is you
Searched my mind just to find
Something I always knew
Everywhere I go....
