INTRO:

To you and all your family, your neighbors and your friends

May all your days be happy with a joy that never ends

May peace and love surround you

At Christmas time and all the whole year through

I'm looking out my window at the softly falling snow

That dances in the early morning light

I got my guitar right before me, strummin' a beautiful sound

Watching it a-comin' down, all around

On the fields and the farms and the road to town

And I'm thinkin' up a letter that I'm writin' in my head

A Christmas card to all the folks I love

Instead of lettin' the postman bring it, I decided I'd rather sing it

Especially for you, for you

To you and all your family, your neighbors and your friends

May all your days be happy with a joy that never ends

May peace and love surround you

At Christmas time and all the whole year through

BREAK:

May your life be filled with sunshine, may your every wish come true

May you find the sweet fulfillment in everything you do

May your days be blessed with the very very best

Both now and the whole year through

It says so in my Christmas card to

You and all your family, your neighbors and your friends

May all your days be happy with a joy that never ends

May peace and love surround you

At Christmas time and all the whole year through

At Christmas time and all the whole year through
