Intro:

Can't get her out of my mind, I see her face wherever I
go
She didn't say it but I know she doesn't love me
I thought that I was king, she didn't want to play my
game
If I had the sun to give her in the morning

CHORUS:

She'd rather have the rain
Than anything I could give her
I'd give her anything that you care to name
She'd rather have the rain

Today I had to realize that every dream just can't come
true
I know there's nothing I can do to make her want me
I could take the sun from heaven, tie it to a silver chain
Bring it so it shines upon her through the morning

CHORUS

When you need somebody, you want to give her
everything
But it hurts when she doesn't hear the song that you
sing

CHORUS (2x)

Rather have the rain, rather have the rain, rather have
the rain
