I've got the sunshine in my hands
You've got the sunshine in your hands
We've got the sunshine in our hands
Now let it shine all over this land

You've got to love, love one another
Whoa Shine, shine on your brother
And the whole world will discover
In the arms of every woman and man

We've got the sunshine in our hands
I've got the sunshine in my hand
You've got the sunshine in your hands
Now let it shine all over this land

Holy, holy, glory, glory,
Halleluia, I believe it now
Holy holy glory glory
You can give without receiving

You've got the sunshine
We've got the sunshine
I've got the sunshine
You've got the sunshine
Holy, holy, glory, glory
I've got the sunshine
You've got the sunshine

Sunshine in my hands
You've got the sunshine in your hands
We've got the sunshine in our hands
Now let it shine all over this land

You've got to love, love one another
Whoh, shine, shine on your brother
And the whole world will discover
In the arms of every woman and man
I've got the sunshine
We got the sunshine

I've got the sunshine in my hands

You've got the sunshine in your hands
We've got the sunshine in our hands
Now let it shine all over this land
I've got the sunshine in my hands
You've got the sunshine in your hands
We've got the sunshine in our hands
Now let it shine all over this land
