Agios o Satanas  
Agios o Baphomet

Veni, omnipotens aeternae Diabolus!

With pride in my heart  
I praise the ones who stroke the nails  
I praise the ones who drove the spear  
In the body of jesus christ

I deny your god  
I deny your saviour  
I vomit my sulphurous  
Black hatred upon you

Agios o Satanas  
Agios o Baphomet

May the rapture come  
May the darkness fall  
May the chaos arrive  
Agios o Satanas!

May the temple of jehova crumble  
May the minds of the lambs rot  
I spit on your face  
Laugh at your concept of sin
