Na na na na na, na na na na na, na na na na na, na na  
na na na na na

Na na na na na, na na na na na, na na na na na, na na  
na na na na na

Caught in a dead end, you took the wrong bend  
To you I'm a friend, but I wanna be your lover  
Caught in a hurricane, out in the cold rain  
Couldn't make it much plainer  
But you still can't discover that I wanna be your lover

Na na na na na, na na na na na, na na na na na, na na  
na na na na na

Na na na na na, na na na na na, na na na na na, na na  
na na na na na

Night and day, day and night, night and day and night  
Oh I need you by my side  
Inside, outside, upside down  
Everything is turned around without you

Up on a tight rope, below is no hope  
'Cause I'm only a friend and I wanna be your lover  
Caught in a landslide, feel like it's low tide  
Well I swallowed my pride  
But you still can't discover that I wanna be your lover

Na na na na na, na na na na na, na na na na na, na na  
na na na na na

Na na na na na, na na na na na, na na na na na, na na  
na na na na na

Na na na na na, na na na na na, na na na na na, na na  
na na na na na
