I'm sleeping and right in the middle of a good dream
Like all at once I wake up from something that keeps
Knocking at my brain
Before I go insane I hold my pillow to my head
And spring up in my bed screaming out the words I
dread

I think I love you
(I think I love you)

This morning, I woke up with this feeling
I didn't know how to deal with and so I just decided to
myself
I'd hide it to myself and never talk about it
And didn't I go and shout it when you walked into my
room

I think I love you
(I think I love you)

I think I love you so what am I so afraid of?
I'm afraid that I'm not sure of a love there is no cure for
I think I love you isn't that what life is made of?
Though it worries me to say that I've never felt this way

I don't know what I'm up against
I don't know what it's all about
I got so much to think about, hey

I think I love you so what am I so afraid of?
I'm afraid that I'm not sure of a love there is no cure for
I think I love you isn't that what life is made of?
Though it worries me to say I've never felt this way

Believe me you really don't have to worry
I only want to make you happy
And if you say, "Hey, go away?", I will
But I think better still I better stay around and love you
Do you think I have a case? Let me ask you to your face
Do you think you love me? I think I love you

I think I love you

(I think I love you)
I think I love you
(I think I love you)
I think I love you
(I think I love you)
I think I love you
(I think I love you)
