Last night, I turned out the lights, lay down and thought
about you

I thought about the way that it could be
Two O'clock, wonderin' what I'm doin' here alone
without you

So I close my eyes and dream you're here to me

And I woke up in love this morning, I woke up in love
this morning

Went to sleep with you on my mind

Yes, I woke up in love this morning, I woke up in love
this morning

Went to sleep with you on my mind

Hello girl, yes it's five O'clock I know but you just listen

There's something that I've got to let you know

This is you, this pillow that I'm huggin' and I'm kissin'

And one more thing before I let you go

And I woke up in love this morning, I woke up in love
this morning

Went to sleep with you on my mind

And I woke up in love this morning, I woke up in love
this morning

Went to sleep with you on my mind

Do dreams come true, well if they do, I'll have you

Not just for a night, but for my whole life through

I woke up in love this morning, I woke up in love this
morning

Went to sleep with you on my mind

And I woke up in love this morning, I woke up in love
this morning

Went to sleep with you on my mind
