Every night a different town, I sing my song
Play and sing, pack my things and move along
A pretty face, another place I never get to know
A one night stand, another show

My guitar, a railroad car, a bus or plane
Chocolate bar and there you are, the price of fame
If I could do what I want to, I'd stay and never go
A one night stand is all I know

I wish that I could be two people
Instead of bein' on my own
I wish that I could be two people
And then I'd never be alone

Photographs of where I've been and all I've done
In this whole world is there a girl, no, not one

Goodbye, hello, I've got to go, I hope you'll understand
A one night man is all I am
A one night stand, one night man

Goodbye, hello, I've got to go, I hope you'll understand
A one night man is all I am
A one night stand, one night man
