I feel the sunlight on my face
When I just close my eyes and I trace
The footpath to your daddy's summer place
Where we spent our early summer days
The hill we climbed that went on forever
We reached the top of the world together

Yeah, you gave your love to me
And I remember perfectly
High above all time and space
And I remember summer days

When you gave your love to me
And I remember perfectly
High above all time and space
And I remember summer days

Come climb that hill again with me
Come live that love again with me
Baby, baby, baby, baby
Hold my hand and we'll be free
Said we'll be free

Yeah, you gave your love to me
And I remember perfectly
High above all time and space
And I remember summer days

When you gave your love to me
And I remember perfectly
High above all time and space
And I remember summer days

When you gave your love to me
And I remember perfectly
High above all time and space
And I remember summer days

When you gave your love to me
And I remember perfectly
High above all time and space
And I remember summer days

When you gave your love to me
And I remember perfectly
