Agios o Satanas
Agios o Baphomet

Veni, omnipotens aeternae Diabolus!

With pride in my heart
I praise the ones who stroke the nails
I praise the ones who drove the spear
In the body of jesus christ

I deny your god
I deny your saviour
I vomit my sulphurous
Black hatred upon you

Agios o Satanas
Agios o Baphomet

May the rapture come
May the darkness fall
May the chaos arrive
Agios o Satanas!

May the temple of jehova crumble
May the minds of the lambs rot
I spit on your face
Laugh at your concept of sin
