I, as Lazarus, decomposing nephilim  
Risen from my tomb in blasphemy  
No stone nor coin in my mouth  
No graveyard dirt can prevent  
My revenge from beyond the grave

Exhumed chewing cadavers  
Severe their heads  
Stakes driven into the earth  
The pestilential venom spreads

Black Terror of the Undead  
For Satan your soul and for me your flesh

Unholy desecration ritual  
Necromantic rites  
De Masticatione Mortuorum  
The pestilential venom spreads
