Armageddon is now at sight  
Horned lord casts his spell  
Cover world with the endless night  
From the open gates of Hell

[Lead: D.]

Dead rise from the ground  
To show devil's unholy might  
Unchain Hell's black hound  
In last rays of the dying light

It's final hour of humanity  
Christian faith crushed to dust  
Dead & forgotten for eternity  
Hell's reign will forevelast

[Lead: Bart]

Rule of pain, blood & death  
Flock of god serve Satan well  
Torment in his fiery breath  
Forever suffer damned to Hell!

Damned to Hell!
