"False God / Burn In Hell"

Our world starts to burn
People dying terrozed
False god - it's your turn
Now you will be sodomized!
Holy flesh cut by blade
Devil's sword made of flame

Now praise Satan's' name!
Now praise Satan's name!

Descend deep into Hell's fire
To satisfy Goat's unholy desire
Christian god, once so strong
Now his words are false and wrong
Weak won't break Satan's spell
Forever will burn in Hell!
Burn in Hell!

Burn in Hell!
Blood falls like rain
Burn in Hell!
Only ashes will remain
Burn in Hell!

[Lead: Bart]
[Lead: D.]

Hammer heavenly throne
When all around are dead
And god is dying alone
Cut wounds bleeding red
Kill in infernal sacrifice
And step on god's holy lies!
