Pawned by Devil's fire
Satanic lust and desire
Born in depths of Hell
Bound by Satan's spell

Hell's legion in darkest steel
Holy blood they will spill
God's death isn't any loss
As they vomit on the cross

On command of horned lord
Casting shit on holy word
Heaven consumed by flame
Human scum hail thy name

Hell's legion in darkest steel
Holy blood they will spill
God's death isn't any loss
As they vomit on the cross

Tyrant Goat - Hellish master!
Unholy Lord - god of disaster!
Tyrant Goat - your rule is so near!
Unholy Lord - Christ's head on a spear!

[Lead: Bart]

Tyrant Goat - Hellish master!
Unholy Lord - god of disaster!
Tyrant Goat - your rule is so near!
Unholy Lord - Christ's head on a spear!

[Lead: D.]

Your glory we will spread
In your name we have bleed
Now our hearts are hard as stone
We are servants of your throne!
