Behold the flame in bloodred sky
Now it's time for you to die
To perish forever in depths of Hell
Obey Satan's command & serve Him well
Your nightmares seem now so real
As Devil's servants start to kill!

[Lead: Bart]

Your nightmares seem now so real
As Devil's servants start to kill!

Nuclear revelation
Watch your idols being raped
Nuclear revelation
Death cloud, mushroom - shaped

Earth torn by neutron blast
Know this day will be the last
Worms feasting on your god's face
As Satan's fist crush human race
Pile of dead bodies reached the sky
Doomed in Hell, in vain now you cry!

Nuclear revelation
Atomic warfare kills human scum
Nuclear revelation
Day of doom soon will come!
