Masochistic offering of flesh and blood  
Steel cuts so deep it hurts no more  
Dark Lord, Master, take this life  
Take this black soul to Evil sworn.

Inside this seal carved into stone  
I invoke the Beast to come forth  
From the centre of the Star  
I bleed for Thee my Lord.

I fly through circles of fire  
The soul's journey to hell  
I'm coming to join my kind  
Master, I'm coming home now.

Suspended in dusty air I feel nothing  
Except for this overwhelming elation  
The carvings blood red down below  
Dark Lord, Master, welcome your son!

Sacrifice of the self  
Sacrifice of the soul  
Sacrifice of flesh  
Sacrifice of blood!

Hail Lucifer!  
Hail Beelzebub!  
Hail Astaroth!

Satanas, venire!  
Ave Satanas
