We face the worst

Taste the rotten

Embrace fate

Hate to be forgotten

Azhirock rules

Rock Empire

Angels in hell

Dance in cage of fire

Surfing the crowd

Dive on Maggots

Growlin' so loud

Hunt in brutal blackout

Gotta head bang

Gives me power

Dignity sucks

Filth they will be showered

Oceans are set aflame

Now hell is ignited

Rise of cemeteries in rage

Military of rock allies united

Neutral change

Move to zero

We never need

A supernatural hero

Reality lies

Truth is cheatin'

We can't STOP

Hear the bass's beatin'

You are gonna be your ripper

To the roarin' distortion

Annihilated Lucifer

From the evil among his creations

Praise be to you, someone I never knew

We justify all that we like to do... promise

Don't give it up, carry on to the end

Blood shall be paid, cut this vein of the dead
