Gimme a shot, show me your face

Livin' in fear, unnamed race

Follow me not, leave me alone

Runnin' away without trace

Hide'n seek, that's the game

Maniac, that's my name

Give me back what you take

Crashin' all that you make

Spit me out, let me go

Dressin' up for the show

Lonely girls, junkie boys

Teach'em all that you know

Don't care how I fell

Help me find my way

Makes me run like hell... (Run like hell)

Devil's here behind me

Stay and fight, set it free

No way out, nothing's right

Death's come beside me

Pullin' me down, pushin' me out

Broken by my own fault

Need to run, need to cry

Significant silent shout

Don't care how I fell

Help me find my way

Makes me run like hell... (Run like hell)

Seems you love this chase

As you always tell

I should run like hell... (Run like hell)
