They... shall victimize me

I'm... too sick to be free (it's comin' to be me)

Then... I ask for help babe

You... won't surprise me

Pain is caused by fear

Rain is angel's tear

Wake the righteous demon

Give back my destiny

Kill my mortality

Take the righteous demon

Werewolves... roamin' the nightmares

Monsters... march on livin' skulls

People... vampires in thirst

Satan... sinks into dark first

Pain is caused by fear

Rain is angel's tear

Wake the righteous demon

You won't make me believe

When you've lost your faith

Fake the righteous demon

Hallucination... You do believe in what you're makin' up

Rediscover holy land under burnin' withered crop

Disempowered crucified Spirit inside Father's Son

Righteous demon's waitin' for another prey, you're the
only one
