You tried to love her and no matter what you tried, you were denied.

You kissed and hugged her. You gave her truth and still she lied.

Now you call me up on the telephone every time that she hurts you, yeah.

I wish we were more than friends, you loving me not her.

Still here's what I'm gonna do.

At all times, I'll be there for you, baby.

At all times, baby, I'm gonna be there for you.

You think about it, she doesn't love you like I do.

I'll scream and shout it until my message gets through to you.

I'll be there
