There's something going on and I know cuz it shows.  
I hope your head's on right cuz tonight anything goes.  
So won't you lay your head down and unwind, because  
tonight you know it's  
mine.

So let's get right down to it, all night. Just let me know  
what you wanna  
do.

There's something going on and I know cuz it shows.  
Anything can happen. I'm ready to explode.  
You're at peace with me and I'm at piece with you.  
Forget the conversation, you know what I wanna do.

Tell me, tell me, if I'm the one who's right for you.  
I wanna know what's on your mind.  
Because I need some love and affection.  
You know what baby, I wanna spend some time.

Will you satisfy my desperation, and please don't give  
me any hesitation?  
Cuz I want your love, and I need your love.  
Stop wasting time, let's get straight to the point
