Verse 1

What is being alive?

To know what we can not

To see, what we should not have seen

To penetrate the deepest depths

And live to tell, the tale

Verse 2

What path then should we take?

A long and winding road

Through paths of bumpy rock and stone

Or gentle roads of light bereft

That pacify, only the blind

Interlude

Am I worthy of bliss

To be wrapped in your wings like this

My soul begins to shine

Our mind, what is it for

If not to ponder, to explore

To seek what is beyond the other side

Guitar Solo

Bridge

The pain of wisdom

Becons us all

The price of ignorance

Lurks in it's call

Chorus

Being Alive is an Ocean of questions

Being Alive is divine intervention

Being Alive is the Mother of Mysteries

Synth Solo

Being Alive is a natural progression

Being Alive is our path to redemption

Being Alive is the Maker of History
