Yeah, Leggo, Leggo, 2 Chainz  
Lady, you're exactly like my type  
I don't know who you came with tonight  
But I can make your life a little better if you live with  
me, yeah!  
Cause ain't nobody fresher in my sleeves to write  
If you say you'll manage better, than I'll know  
you're a lie  
We can do whatever, doing whatever you can think of,  
Believe me, girl!  
Your body's telling me things your lips won't say  
And what I got, got to fell, yeah you can't wait no  
more  
I know I'm gonna get more than your name, is getting  
Heavy  
It seems like you're, don't play with it, girl!

Chorus:

Leggo, it's about that time, girl  
How bad you fooled me?  
Leggo, hey girl, you're a problem  
I know I can solve it!  
Leggo, cheat my body like a stage  
Wanna see how you can fool me!  
Leggo and we can go all night until the morning!  
Leggo! Leggo, leggo, leggo!  
Leggo! Leggo, leggo, leggo!

I know I look exactly like your type  
And I can leave with any girl here tonight  
But I don't really see nobody else but you, but you  
girl!  
From the second I stepped, you caught my eye  
From the minute I saw you, you've been on my mind  
Looking at my wrist, it's about that time, what you  
wanna do, girl?  
Your body's telling me things your lips won't say  
And what I got, got that feeling, yeah you can't wait  
no more  
I know I'm gonna get more than your name, is getting  
Heaven  
It seems like you're ready, don't play with it, girl!

Chorus:

Leggo, it's about that time, girl  
How bad you fooled me?  
Leggo, hey girl, you're a problem  
I know I can solve it!  
Leggo, cheat my body like a stage  
Wanna see how you can fool me!  
Leggo and we can go all night until the morning!  
Leggo! Leggo, leggo, leggo!  
Leggo! Leggo, leggo, leggo!

Yeah, 2Chainz!

C nose, kiss my ego  
Vandel washed mixed with Al Pacino  
We know, everywhere we go  
Black and white things with me, tuxedo  
I am getting to the fritos  
It's the dope corner, same corner as the kilo  
Slow it down, full speed ahead  
Your bottom of your shoes are even red  
Got numerous position in the bed  
I think we gonna need another spray  
And if your friend ain't picture it  
Then we gonna need another friend  
Get your love on... say ain't turning down  
That's my prerogative like... bobby brown  
What goes around comes back around  
And back in town!

Chorus:

Leggo, it's about that time, girl  
How bad you fooled me?  
Leggo, hey girl, you're a problem  
I know I can solve it!  
Leggo, cheat my body like a stage  
Wanna see how you can fool me!  
Leggo and we can go all night until the morning!  
Leggo! Leggo, leggo, leggo!  
Leggo! Leggo, leggo, leggo!
