Tell me what's going on - I don't remember feeling like
this,
Ever in my life and we haven't even kiss,
All we do is hold hands and hang out,
And suddenly I see it like: Boom, bang, wow,
And you tell me that I'm crazy and I might be,
But c'mon girl, that's why you like me,
Isn't it? Well I know why I'm into you,
Easy baby - Every single thing you do,
Can't get you out my head - but it's okay,
I think I like it that - don't go (stay)
Maybe it is because I'm older this time,
But I think it's because you're fine.

Before I met you love was just a game (just a game)
Felt all the girls I met were all the same, (all the same)
I played along, but never felt the way- I do
When I look at you - my baby now I see.

I think I see it
NOW
I think I get it,
I think I understand
NOW
I think I'm ready
I wanna be you man
NOW
I think I get it,
I think I understand
NOW
I think I'm ready
I wanna be you man.

You're drop dead gordeus - flawless
You could take the hardest man and turn him into the
softest,
Blessed with ya' soft lips - and your sweet touch
I can't take it girl - you to much
And you sÃ fine (Damn she is so fine)

Bright like sunshine (bright like sunshine)
And you be driven me crazy,

What I wouldn't do just to make you my lady,
Anything you just gotta tell me baby,
I want "Yes" not "no" not "maybe"
I'm gone' get you - it's a matter of time
You're beautiful - girl you blow my mind

Before I met you love was just a game (just a game)
Felt all the girls I met were all the same, (all the same)
I played along, but never felt the way- I do
When I look at you - my baby now I see.

NOW
I think I get it,
I think I understand
NOW
I think I'm ready
I wanna be you man
NOW
I think I get it,
I think I understand
NOW
I think I'm ready
I wanna be you man.

Falling in love,
Was something in the movies,
Falling in love,
Was something in a song,
(But) this feels so real
Something about you and me
That's can't be wrong.

I think I see it
NOW
I think I get it,
I think I understand
NOW
I think I'm ready
I wanna be you man
NOW
I think I get it,
I think I understand
NOW
I think I'm ready
I wanna be you man.
