One step closer before the sun rise
Ya, ya remain say you're hypnotized
I used to be a player, but now I'm not sure
Shake me up, baby
My love is so pure
But everytime when you lit them lips I'm like woo
Shatter night a getter, if you're ready to go
But everytime when you shake them hips I'm like woo
One step closer to you that's for sure

I'm the capital P with the rock
Don't you see my ice girlfriend on the rock
Don't you see my mansion dance with the yatch
Isn't it hot
Baby are you ready or not?

All eyes you
Then me
All eyes on me
Then you
Now tell me baby girl
What you wanna do
I feel one step closer tonight and to you

Ohh, ohh
One step closer to you
And I don't wanna stop
Can't get enough
Ohh, ohh
One step closer to you
Every minute we share
Is taking me there

(One step closer)

I wanna live my dreams, and fulfill your life
I wanna read your thoughts when you out of sight
I wanna be around when it's cold at night
I'd never let you down I will treat you right

All eyes you

Then me
All eyes on me
Then you
So tell me baby girl
What you wanna do
We can get to Manhattan or Milano too

Or we can fly my Concord around the moon
And we can fix your pain in the afternoon
One, two, three to the four
I'm one step closer
But girl I want more

Ohh, ohh
One step closer to you
And I don't wanna stop
Can't get enough
Ohh, ohh
One step closer to you
Every minute we share
Is taking me there

I got bling-bling over the Cadillac
So be back
Get you a heart attack

Go shorty
What you got from me
I want you so much now you're my destiny

One step closer to you
Can't get enough (One step closer)
One step closer to you
Now it's taking me there

Ohh, ohh
One step closer to you
And I don't wanna stop
Can't get enough
Ohh, ohh
One step closer to you
Every minute we share
Is taking me there

(One step closer)

Ohh, ohh
One step closer to you
And I don't wanna stop
Can't get enough
Ohh, ohh

One step closer to you
Every minute we share
Is taking me there

(One step closer)
