Almost made ya the main thing on my agenda
When we first met I just knew you were a winner
But you had to go and mess it up for me
Provin' everything that I really thought you was
I really almost made ya

My frames Gucci afta Gucci, she in Gucci too
10 chains eatin sushi, introduced her to it
You know I would, yeah I'm good we spending fifths
Spend a few grand credit cards we push our own whips

Feel so special riding Coup
(Oup)
Certain feelings juju bean color Benz
(Oup)
No ceiling

Middle name Faharri like Ferrari, I'm livin' fast
Catching planes, trains, buses, getting stacks of cash
Give your candy man, love to love dem suga walls
Wrote your name in the sand on the beach an you ain't
called at all

You jus mad he ain't mad, I've seen it before
Thought you really wanted love but the bitch wanted
more
Well, gon chase 'em then, beat ya feet run the streets

Gon chase 'em then, learn how ta be discreet
Gon chase 'em then, open ya eyes, what ya see?
Gon chase 'em then, 'cause there ain't nomore of me

Almost made ya the main thing on my agenda
When we first met I just knew you were a winner
But you had to go and mess it up for me
Provin' everything I really thought you was
I really almost made ya

The center of all my attention
Everytime I spoke ya name I had to mention
That you had to go and mess it up for me
Provin' everything I really thought you was

I really almost made ya

34-26-38, somebody tell God
He left the lock off on them pearly gates
And I can't see no wings and her halo must be tangled
in her hair
But when He check, He gon' see He missin' an angel

I just left the studio so I know I smell like dro
She wit' her friends from college, I'm wit' neighborhood
G's
She said I talk country
(Boy you so country)
Laughin' and lovin' it

Swapped numbers, out of all things I straight gave her
my government
It was days, it was nights, it was winter, it was summer
Grab the Mastercard or Visa, it was my pin number
She said lets talk, I'm pregnant, okay let's do this right

Lets take that phrase, baby mama, boo
And change it to wife, she started shaking
And crying hugging harder as tears came

I said I'm happy, I'ma call Jacob, you go call Ferra
Wayne
I walked out, she said Ali loud and fell to the floor
Took a break and said, it ain't yours
(Damn)

Almost made ya the main thing on my agenda
When we first met I just knew you were a winner
But you had to go and mess it up for me
Provin' everything I really thought you was
I really almost made ya

The center of all my attention
Everytime I spoke ya name I had to mention
That you had to go and mess it up for me
Provin' everything I really thought you was
I really almost made ya

Almost made ya the main thing on my agenda
When we first met I just knew you were a winner
But you had to go and mess it up for me
Provin' everything I really thought you was
I really almost made ya

The center of all my attention
Everytime I spoke ya name I had to mention

That you had to go and mess it up for me
Provin' everything I really thought you was
I really almost made ya
