[Intro: Pauley Perrette]

Stand tall, just believe,
Cause the fire's in your eyes, yeah the fire's in your eyes
Big dreams you can achieve,
Cause the fire's in your eyes, yeah the fire's in your eyes.

[Verse 1]

All my life I wanted to be on the big stage
They went ahead and unleashed the tiger from the cage
Comin' through with no fear
God got me here for a while so I'ma stay right here
And if you got a problem with that
You can try to brush me off, but I'm coming right back
Them lil' boys tried to take me under
I hit 'em with lightning like rolling thunder
Every second I breathe I live
Every man that I help I give
Every hour I do I did
And everyday I cross life's bridge
All you get is one life, one chance
If I had my last wish last chance
The lights are on and now I see
Bless the world Ms. Pauley P

[Chorus: Pauley Perrette]

Stand tall and just believe, be all that you can be
Cause the fire's in your eyes, yeah the fire's in your eyes
Big dreams you can achieve, you've got the golden key
Cause the fire's in your eyes, yeah the fire's in your eyes.

[Verse 2]

Now you see yourself in a trick bag
Gotta bounce up, get off your ass.
Feeling like there's no way to turn
Gas up the flame, get ready to burn
Yeah, get your mind right, soul right,
Talk right, get your swag right

Become the ball that knocks down pins
Keep the fight alive from beginning to end
Know in the end that you're gonna win
Don't forget where you're going and where you been.
Do you stay true to yourself
Pull up them pants, tighten up that belt
Have what you want
Be what you want
Take what you want
Get what you want
You can have all that you desire
Don't let no one stop that fire

[Chorus: Pauley Perrette]

Stand tall and just believe, be all that you can be
Cause the fire's in your eyes, yeah the fire's in your
eyes
Big dreams you can achieve, you've got the golden key
Cause the fire's in your eyes, yeah the fire's in your
eyes.

[Bridge]

I'm up on the clouds, I'm living life, I'm flying high
I found my way, I'm feeling right, I can touch the sky
I'm up on the clouds, I'm living life, I'm flying high
I found my way, I'm feeling right, I can touch the sky.

Ooh, oh-oooh, yeah,
Ooh, oh-oooh, yeah,

[Chorus: Pauley Perrette]

Stand tall and just believe, be all that you can be
Cause the fire's in your eyes, yeah the fire's in your
eyes
Big dreams you can achieve, you've got the golden key
Cause the fire's in your eyes, yeah the fire's in your
eyes.
