One day we up in the club, everybody looking at us
Next day we're all alone, just you and me at home
Doesn't matter to me, if we're on our... to sea
Valee or self parking, as long as you're with me
Yeah, and I just want something real
Gotta go ahead, tell him how I feel
My feelings for you got me on high
Wanna turn me down, meet me in the sky

Can I get it forever, can I have it for life
Can I have it for life
And I need this forever
Can I get it forever, can I have it for life
Can I have it for life
Forever, forever, forever, forever, forever

Safe to say that I'm the one
... I'm done
No demons when my baby
Passes me to make me go crazy
It's like a rainbow, that's been when the rain is gone
And I don't cry no more, he shelters me from the pain

Yeah, and I just want something real
Gotta go ahead, tell him how I feel
My feelings for you got me on high
Wanna turn me down, meet me in the sky

Can I get it forever, can I have it for life
Can I have it for life
And I need this forever
Can I get it forever, can I have it for life
Can I have it for life
Forever, forever, forever, forever, forever

Yeah, and if I'm dreaming gone and let me sleep
And if I'm falling... let me be
Only I can take this moment from me
This is one true ecstasy

This is a spiritual loving, the kind that come from above
in

... everybody you know, that you gonna have this
forever
Can I get it forever, can I have it for life
Can I have it for life
And I need this forever
Can I get it forever, can I have it for life
Can I have it for life
Forever, forever, forever, forever, forever
