I've been waiting for so long  
What I thought I had for you is gone  
But now you're callin' me  
You've been checkin' loud but you said nothing  
When you knew that I felt something  
Shoulda never fell for you

You wanna talk that game  
But you ain't got the nerve  
You're gonna trip on this  
When you get what you deserve

\*Don't start now  
The feeling's come and gone  
You played me far too long  
Now I'm over you  
Toodle--oo baby

\*Repeat

My friends, they tell me you're no good  
I never listen but I should  
'Coz you ain't right for me  
Now you're stopping over every day  
Getting all your stuff up in my face  
And that ain't what I need

There was a time when you were fine  
You were the one  
And now I'm steppin' out  
The deal is said and done

\*Repeatx2

All I wanted was to chill some time with you  
But I never got a single sign from you  
Had to be a player crimin' with your crew  
Thinking it was dope  
Now you're comin' on ancient history  
Take a look around it ain't no mystery  
Time for you to find another fantasy

Cuz I ain't steppin' with you

\*Repeatx4
