Well I work all day and I work all night
Cause that's just what I do
I'm a slave to the I.R.S.
And you can be one too

Get up early
Work all day
Then I stay up late
I never thought I'd find myself
Working for the state

Don't take my money
Don't take my time No No
Cause we're not gonna to take it no more
No More

Well I'm certified and I'm hypnotize
And I'm living the American dream
My money's tight but that's alright
Cause I'm on the winning team

It's understood that the dollar's good
And the Fed has got my back
But then I found out the Fed was fake
And that we've all been jacked

Don't take my money
Don't take my time No No
Cause we're not gonna to take it no more
No More

So now I know what has taken place
An economic war against the human race
They take your money and they take mine too
Enslavement of a nation
It comes down to me and you

No law was ever written
No law was put in place
That the I.R.S. could tax us on a man's working wage

Don't you worry

The time is close
The I.R.S. is finished when the people finally vote

Don't take my money
Don't take my time No No
Cause we're not gonna to take it no more
No More

Not gonna to take it no more
No More

Not gonna to take it no more
No More

Not gonna to take it no more
No More

Don't take my money
Don't take my time No No
Cause we're not gonna to take it no more
No More

No More
Not gonna to take it no more
No More
