"We Are American Made"

Visit "[We Are American Made](#)" on MotoLyrics.com

I am just a regular guy
But I am as patriotic as I can be
I live in the home of the brave
And I live in the land of the free

Even through the darkest times
When others might be afraid
I still stand up tall
My head held high
Because I am American Made

I'm a proud American
And I stand for what is right
Men like Thomas Jefferson
They Stood and they made a fight

Even through the darkest times
When others might be afraid
I still stand up tall
Hold my head high
Because I am American Made

Even through the darkest times
When others might be afraid
We still stand tall
We hold our head high
Because we are American Made
