No one knows her name but they see her youth and use  
her  
She's feeling free and everything she sees is truth  
She's seventeen she's got everything she needs to lose  
Yeah yeah yeah oh no

She's got everyone to help her on her way  
She's got everyone to help her on her way  
She's got everyone to help her on her way, down

He seems to know right where it hurts your pain, in vain  
He gives himself to you he's in your way  
And everything he does just seems a phase, insane  
Yeah yeah yeah oh no

He's got everyone to help him on his way  
He's got everyone to help him on his way  
He's got everyone to help him on his way, down

Everything you touch tears at your heart, apart  
Of everything you see down in your soul never let you  
go

You've got everyone to help you on your way  
You've got everyone to help you on your way  
You've got everyone to help you on your way, down

You're a 666 conducer  
How do you do the things you do sir  
You're a 666 conducer  
How do you do the things you do sir  
You're a 666 conducer  
How do you do  
How do you do
