You want to walk on my side
I'm the devil in disguise
That's just the way that it goes
I guess you didn't know

Keep me high, Keep me low
I don't want to tell you where I've been

You want to fade under my speed
I'm the one who's in your dreams
It's the sound that you burn
I guess you didn't learn

Keep me high, keep me low
I don't want to tell you where I've been

I used to move with my shadow still
Now I'm searching for your will
That's just the way that it goes
I guess you didn't know
But every night that I think of you
With every voice that she brings me
It's not pain that I'm feeling
It's just the hate that I fear, I'm fearing

Keep me high, keep me low
I don't want to tell you where I've been
