I spit my faith on the city pavement
To keep a smile
I bought my legs from the US Government
To keep me in line
We are the ones that keep you high
We are the ones that warm the sky
And you're burning bright

I filled my head with another replacement
To keep me high
I shot my soul when they wanted to take it
Your worst ain't mine
We are the ones that keep you down
We are the ones that warm the ground
While our arms surround

She's my river of sunshine, she's my girl
She can save the US, save the world
Yeah she's alright, I'll be fine
There's no US, save your mind
Save your mind come on

I'll give you nothin if you're just gonna waste it
But that's alright
I'll give you love if your wanting the taste that leaves
you behind
We are the ones that keep you high
We are the ones that burn your pride
And you're burning bright

I've been waitin for the sun to come, lead me through
the gates of Rome
Your gonna know they were never, never yours to kill
Oh no they were never, never yours to kill

I've been waitin for the sun to come, show you all
what's being done
Your gonna know they were never, never yours to kill
Oh no they were never, never yours to kill
