On and on  
I've been waiting on the open invitation  
Your silence show me no relation  
In the rising cold  
Don't you feel alone  
I'll be standing with your sorrow  
All you left me's gone away tomorrow  
And we may never be here again  
And we may never be here again  
Pull me up  
On either side  
Don't leave me standing alone in the light  
Pull me up  
On either side  
Don't leave me standing alone in the light

On and on  
I've been waiting on the open invitation  
Your silence show me no relation  
In the rising cold  
Don't you feel alone  
I'll be standing with your sorrow  
All you left me's gone away tomorrow  
And we may never be here again  
And we may never be here again
