"Promise"

Son, I see it in your eyes,
There is a burden you cannot hide,
But in their arms, you feel so alive,
And in the moment you're cast aside.

All lines have broken, and we need to you to hold on,
Your eyes have opened, but you've got to go on.
I'll comfort you, I'll stay with you...
It's a promise not forgotten.

Now I hear you in my mind,
There was a story you claim to have,
And I will by more gently by your feet,
I'll tread softly or tread on my dreams.

All lines are broken, and we need you to hold on,
Your eyes have opened, but you've got to go on.
I'll comfort you, I'll stay with you...
It's a promise not forgotten.

You're crying all these tears, but they mean to leave
you dry,
Still fighting all these years, 'bout the same old things,
We wish we never had

The vision's softly fades, but there's a light that still
remains,
And in these walls, I feel your sadness wain,
But in the moment you feel no pain.

All lines are broken, but we need you to hold on,
Your eyes have opened, but you've got to go on.
I'll comfort you, I'll sing to you...
It's a promise not forgotten.

Come on baby let's ride(light) the sunrise
Come on baby let's ride(light) the night
