"Sympathetic Noose"

I got a feeling I can't lose,
I got a sympathetice noose,
But I don't know how to be grateful,
Yeah I don't know how you're thankful,
I got a feeling I can't lose,
I got a sypmathetic noose,
Cos you don't know how to lean on,
Yeah I don't know how to be freed from,
You gotta keep your head up,
You gotta let yourself get through,
All you ever dream,
Makes you want to hide,
Least all your expectations,
Feel the hole inside,
All you ever dream,
It makes you want to hide,
Least all your expectations,
Feel the hole inside.

I got a feeling in my boots,
I gotta make some sense of you,
Cos I don't know how to be careful,
Yeah I don't know how to be there for,
I got a feeling I can't prove,
I got a sympathetic noose,
Cos I don't know how you're grateful,
Yeah I don't know how to be thankful,
You gotta keep your head up,
You gotta let yourself get through,
All you ever dream,
Makes you want to hide,
Least all your expectations,
Feel the hole inside,
All you ever dream,
It makes you want to hide,
Least all your expectations,
Feel the hole inside.
