You couldn't doubt her
You couldn't doubt her

Tonight
Tonight's with you
Tonight
Tonight's with you

You couldn't die
You couldn't die

Tonight
Tonight's with you
Tonight
Tonight's with you

It's like a tear falling
It's like a dream always
It's like a dream gone away

Gone away
Gone away
Gone away

You couldn't love her
You shouldn't wonder

Tonight
Tonight's with you
Tonight
Tonight's with you
