I'm ready for you, I'm ready for you
Come and get me darling, you know I'm gonna get you
darling

I'm ready for you, all ready for you
Come and get me darling, you know I'm gonna get you
darling

I'm ready for you, all ready for you
Come and get me darling, you know I'm gonna get you
darling

He kept climbing, and as it turned to dust below him,
soon there was no turning back.
So he went on, an endless climb it seemed, but felt as
a rock, he didn't tire or ache.
There seemed no limit. And it only broadened twice to
what it was.
He passed no one, and looked down, knowing all.
He saw night ahead and reached for it.
As he stumbled forward, it pulled away, and he
realized his choice.
A bitter cold arose from inside, and soon he couldn't
speak.
Although he had no need, he had great want, and
could not.
His mouth frozen over, he saw his breath climb out,
eager to carry on without him.
He knew he'd have to wait, and he knew what for.

I'm ready for you, I'm ready for you
Come and get me darling, you know I'm gonna get you
darling

I'm ready for you, all ready for you
Come and get me darling, you know I'm gonna get you
darling

I'm ready for you, all ready for you
Come and get me darling, you know I'm gonna get you
darling

I'm ready for you, all ready for you
Come and get me darling, you know I'm gonna get you
darling

I'm ready for you, all ready for you
I'm ready for you, all ready for you
I'm ready for you, all ready for you
I'm ready for you, all ready for you
I'm ready for you, all ready for you

All ready for you...
