the fear of Charlie Sunrise

I'm moving in zigzag left and right

I'm moving like sea saws in the night

And if you want to grab on to me

It won't be so easy to catch me

All the fears are in my head

Hey girl if you're so fearless if you're so fearless

Take your hand off your heart

And I'm lost I'm already helpless

I'm already helpless with my head in the stars

I'm looking for a place to hide away

But it won't be so easy this time

The worlds really just a representation

And all the fears are in my head

Hey girl if you're so fearless if you're so fearless

Take your hand of your heart

And I'm lost I'm already helpless

I'm already helpless with my head in the stars

And I'm lost I'm already helpless

I'm already helpless with my head in the stars

Hey girl if you're so fearless if you're so fearless

Take your hand of your heart

If you're so fearless

If you're so fearless
