How do I feel? Alone and lousy  
And I may seem selfish, but I need  
A little break on my own, can't you see  
I'm just tired of being phony

So for a while stop calling me, my friend  
I've spent 20 years forgetting myself, and then  
What else?! Am I just incomplete  
Sometimes so sick of being sweet

I'm sure that far away from me  
You'd feel better that down here  
So why don't you take a look at this path  
And then we'll see  
Because you'll never ever be so far away from me...

So here I am again, in front of the TV  
Watching lives more exciting than mine  
Because there's always just too many good reasons  
Too many reasons to be sad

I'm sure that far away from me  
You'd feel better than down here  
So why don't you take a look at this path  
And then we'll see  
Because you'll never ever be so far away from me  
I know I may be rude  
But failing is always cruel  
Don't wait for me to stand next to you  
I won't be here for a while

Nothing more than this silent scream inside  
So what, do you wanna hear about self-control?!?  
Talking a little louder than usual  
Freeing myself from what I just don't wanna hold

I'm sure that far away from me  
You'd feel better than down here  
So why don't you take a look at this path  
And then we'll see  
Because you'll never ever be so far away from me

I know I may be rude  
But failing is always cruel  
Don't wait for me to stand next to you  
I won't be here for a while
