I was born on a rainy day
never stopped fighting till I got my way
tricks, clicks, chicks keeping me alive
and all my friends comitted suicide
I'm a lonesome man on a lonesome trail
wearing my cap right down the drain
but a gypo man will never die
got indian blood will always survive

ohhhhhh ohhhhhhhh ohhhh

Well gypo jack that's my name
always on the run where it's
fortune and fame dealing coca cola
night and day, got busted, kicked and
put in jail, but gypo man will never die
got indian blood will always survive
